

Complete the List

You would get out and do more if you just had something to do, right? We are here to help! We've created a fun, personalized way to get out and explore! Need a birthday party idea? How about a fun event for all your besties? Maybe you have a team or office crew that needs to learn to work together. Let us provide a new, fresh event personalized for you or your group. Suitable for ALL ages.

You complete an interest survey about the event or person we are celebrating. We take that information and create a one of a kind hunt just for you!

We meet you and your group to start and provide your Wild Goose Chase List. With your group and a cell phone camera, the adventure begins. We combine a list of pictures to take, things to collect and videos to film. For example, you might have to get your groups photo on a slide or a video dancing to a song you hear in the background. It can be all over town, or a walking hunt at a general location. You finish with lots of fun stories and LOADS of pictures and videos

We just used Wild Goose Chase Events for my daughter's 14th Birthday Celebration and we had a Blast! Everything was so personalized and well thought out! It was very obvious that a lot of time and effort went in to planning this event for our daughter! A fun time was had by all!! - Betsi J
